Erratum

“니알브론즈의 기계적 특성에 미치는 알루미늄 및 지르코늄 함량의 영향, 대한금속·재료학회지, Vol. 55, No. 8 (2017), pp.537-543, <https://doi.org/10.3365/KJMM.2017.55.8.537>”의 그림 7(a)와 (d)를 저자의 요청으로 아래와 같이 수정합니다.

[수정 전]

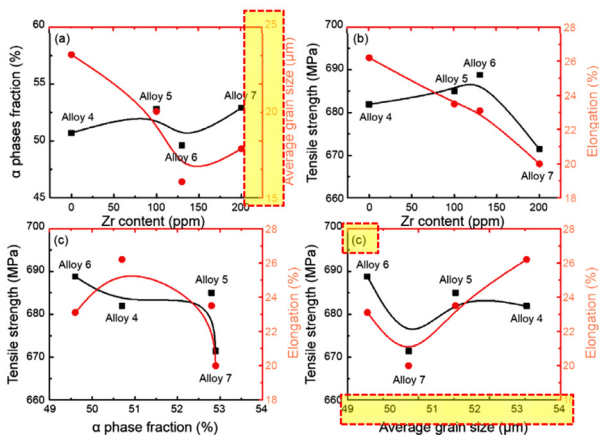

Fig. 7. (a) Measured α phase fraction and average grain size of the Ni-Al-Bronze alloys with different zirconium contents. Tensile strength and elongation of Ni-Al-Bronze alloys with different (b) zirconium contents, (c) α phase fraction and (d) average grain size.

[수정 후]

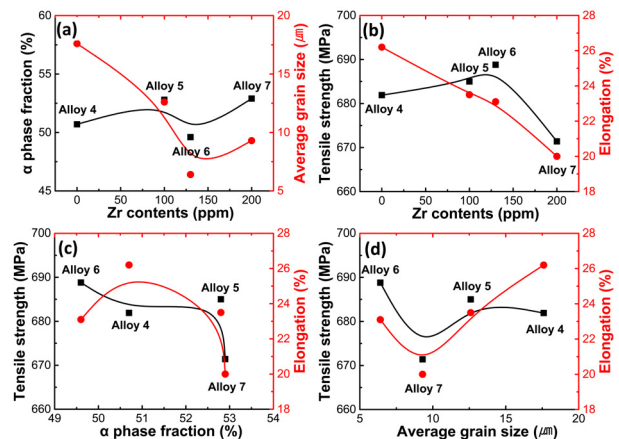

Fig. 7. (a) Measured α phase fraction and average grain size of the Ni-Al-Bronze alloys with different zirconium contents. Tensile strength and elongation of Ni-Al-Bronze alloys with different (b) zirconium contents, (c) α phase fraction and (d) average grain size.
